0134 BOARD SELF-EVALUATION

The Board of Education is committed to the belief that every part of the school system in this district should be accountable to the public and that performance evaluation is essential to that accountability. The Board further believes that the improvement and growth of any institution depends upon an honest appraisal of its strengths and weaknesses. The Board accepts, therefore, responsibility for the conduct of a systematic and multifaceted program of self-evaluation and appraisal. The standards against which the Board will evaluate itself will be the educational goals, bylaws, and policies duly adopted by this Board.

The Board will annually adopt an evaluation instrument that permits Board members to record their assessments of the conduct of Board meetings, the fiscal management of the district, the conduct of the instructional program, and the relationship of the Board with the Superintendent, other district staff members, and the community.

The assessments of Board members will be tabulated and presented for discussion at a regular meeting of the Board in which the Superintendent will be invited to participate. The Board will formulate, as appropriate, goals and priorities that will serve to guide the Board in the ensuing school year.
