We welcome Doug Bratton, Executive Director—Partners in Prevention and Jamie Sierfeld, Director—Lindsey Meyer Teen Institute, for an inspiring workshop focused on engaging youth. They will inform us on ways to connect with young people, how to form a youth task force, finding ways to increase ownership of prevention programs and the benefit of the **Lindsey Meyer Teen Institute** in achieving these goals. Highlighted in connection with youth involvement and the Lindsey Meyer Teen Institute is the **Please ID Me** program, which addresses the sale of alcohol to minors in liquor stores, restaurants and other venues.
