

APOLLO

2016-2017

AFTER SCHOOL PROGRAM

**MUST REGISTER BY
AUGUST 24TH**

The Apollo After School Program at **McKenzie School** provides an affordable, safe and reliable option to parents who are unable to pick up their children right after school.

REGISTER ONLINE

www.ApolloAfterSchool.com

Our experienced teachers have a formidable track record of managing after-school programs.

We offer a variety of fun and educational activities that integrate the physical, emotional, intellectual and social needs of your child. Our programs are designed to enhance self-esteem and promote creative expression.

OUR APPROACH

Enrolled children participate in enrichment classes, structured play time and supervised homework sessions. They also get to enjoy an outdoor playground, a variety of engaging indoor activities and extended learning experiences. We encourage them to verbally engage their peers with respect. This practice builds their confidence and develops their ability to communicate with others.

IMPORTANT INFORMATION

PROGRAM DATES: September 6 - June 16

HOURS*: **Monday - Friday**
AM: 7:00am - 8:30am
PM: 3:10pm - 6:30pm

****Priority is given to families that enroll in Apollo full time**

APOLLO ELECTIVE CLUBS

(included in the tuition rate)

ARTS & CRAFTS Mondays: September 12th - December 12th

Does your child love the experience of creating something he or she can use, or making a work of art for others to enjoy? In Arts & Crafts Club, young Apollo students will learn many techniques to turn their ideas into reality under the guidance of our Apollo staff. Club members will use their creativity and imagination to make many objects for gifts, decoration, or their own practical use - you'll be amazed at the fun craft works they bring home to you!

WORLD EXPLORERS Tuesdays: September 13th - December 13th

Earth's circumference is approximately 24,901 miles (40,075 km). That's a lot of ground to cover! Fortunately, our Young Explorers club is up to the challenge. Students will learn about mysterious rainforests, towering mountains, sweltering volcanoes, exotic cultures, and many other wonders this amazing planet has to offer. Students also will learn about fun travel tips and the great explorers whose daring gave us the maps and charts we take for granted today. They will even learn a little bit about outer space, and the challenges they will face as future explorers of tomorrow!

APOLLO BRICKS Wednesdays: September 14th - December 14th

Everybody likes to build! Creating new objects has always been at the core of human existence, and is one of the most rewarding and fulfilling activities for the old as well as the young. In our club, children will learn many basic building techniques and will be encouraged to put their imaginations and hands to work to make their ideas turn into reality.

ENTREPRENEURSHIP Thursdays: September 15th - December 15th

Whether it is a cold class of lemonade, a shoveled driveway, or an iPhone, creating value for others is vital to any entrepreneur. In Apollo Enterprises, our students will learn how to think constructively about their own cool ideas for creating value, practice some of the steps for making them a reality, and learn about what it takes to keep their young businesses running.

SCIENCE CLUB Fridays: September 16th - December 9th

Parachutes, spaceships, lasers, hadron colliders - we all know that science is a subject that's just for the cool kids (like you, of course!). The good news is that science is easy and incredibly fun to start practicing! Students in Apollo Science will learn how to ask the questions that are the beginning of all scientific discoveries, how to make hypotheses, and of course the fun part - testing them to see how they work. Through a hands-on and exciting curriculum, this club will help your child become more curious and have a deeper understanding about how the world works.

- Prompt payment is the responsibility of the parent. Notices will be emailed and distributed by staff.
- Program fees shall not be refunded or prorated if a child is absent from Apollo ASP, regardless of cause.
- We accept Visa, Mastercard, check and money order. Partial or incomplete payments will not be accepted. Returned checks will be charged at the rate of \$35.00 per check.
- Please keep in mind that the program ends at 6:30 pm. Even though there is a charge for arriving after 6:30 pm, it is fully expected that all students are picked up by 6:30 pm. Repeat offenders of this policy will be subject to dismissal from the Apollo After School Program.
- Apollo reserves the right to cancel activities if registration falls below our required minimum.
- **Fees are not prorated. No Refunds.**
