

International Night

At McKenzie School

Poland was well represented at International Night. In the picture from left to right are: **Anthony Szperlak, Natalie Szperlak, Stephanie Szperlak and Gianna Sanders.**

On the evening of May 8th the East Rutherford community came together to celebrate our differences and learn about the people in our community. This event brought in families to share their cultures, traditions, food, dance and music. Parents supported this event by bringing in food to share. Pens, folders and books were given to the families as a memento of this special night.

Fourth Grade Student, **Jayita Iyengar** performed an authentic Indian dance for the crowd of East Rutherford families.

Third grade student, Hannah Aumack, shows the display she created as a tribute to France.

There were over 200 people at this event and we hope that next year more families will contribute to our International Buffet and join in the fun.

This fun night was supported by our administration and the international committee consisting of, Mrs. Forte, Mrs. Fallon and Mrs. Speer.

Families enjoyed performances by a Mexican group. The title of the performance was **Beyond Mariachi** and it certainly was. There was some flamenco dancing, drums and someone playing a large jaw bone. This was something that most people had never experienced before. It was a night of sharing and learning for all.
