**East Rutherford School District**

Superintendent Giovanni A. Giancaspro

*October 2023*

# AGENDA

- Composition of ERSD Assessed Grade Levels
- Categories of Results (Levels 1-5)
- District Level Performance Comparative Analysis Over 3 years (East Rutherford)
- District Level Performance Comparative Analysis Over 3 years (Meet & Exceed Expectations)
- Student Participation Rate ELA, Math and Science (3 Year Analysis)
- District Level Performance Comparative Analysis Over 3 Years ( East Rutherford/State)
- District Level Performance Comparative Analysis of Various Subgroups
- World-Class Instructional Design and Assessment (WIDA) Results: Comparative Analysis
- Dynamic Learning Maps (DLM) 2022 & 2023
- Notable Achievements
- Intervention Plans

# COMPOSITION OF EAST RUTHERFORD SCHOOL DISTRICT ASSESSED GRADE LEVELS

SCHOOL	GRADE LEVEL	ASSESSMENT
McKenzie	3rd Grade	ELA & Mathematics
Lincoln	4th Grade	ELA & Mathematics
Lincoln	5th Grade	ELA, Mathematics & Science
Faust	6th & 7th Grade	ELA & Mathematics
Faust	8th Grade	ELA, Mathematics & Science

# CATEGORIES OF RESULTS (NJSLA)

## English Language Arts & Mathematics

- Level 1: Not Yet Meeting Expectations
- Level 2: Partially Meeting Expectations
- Level 3: Approaching Expectations
- Level 4: Meeting Expectations
- Level 5: Exceeding Expectations

# CATEGORIES OF RESULTS (NJSLA)

## Science

# Dynamic Learning Maps (DLM) Results 2021-2022 & 2022-2023

Dynamic Learning Maps® (DLM®) assessments are for students with the most significant cognitive disabilities for whom general state assessments are not appropriate, even with accommodations. DLM assessments offer these students a way to show what they know and can do in English language arts, mathematics, and science.

- Intervention Reading Service (Certified Reading Specialist K-8)
- Provide 1:1 and SGI as Part of Tiered Support System
- Implement Behavioral Intervention Plans to Increase Student Attendance, Participation, and Performance Across Subject Areas, K-8

# Intervention Plan: ELA

Goal	Rationale	Action Steps
<b>Goal 1: Adjust ELA Curriculum</b>	To meet students at their present levels and address learning gaps effectively.	<ul style="list-style-type: none"> <li>Adjust the ELA curriculum as needed to align with students' current levels.</li> </ul>
<b>Goal 2: Identify and Address Gap Areas</b>	To identify specific gap areas and provide targeted support.	<ul style="list-style-type: none"> <li>Administer MAP and STAR assessments to identify additional gap areas and assess students' readiness levels.</li> <li>Offer small group or individualized instruction to address learning gaps.</li> <li>Implement ELA labs for special education students twice weekly.</li> </ul>
<b>Goal 3: Provide ELA Intervention</b>	To support at-risk students and those in other subgroups to improve their ELA skills.	<ul style="list-style-type: none"> <li>Offer ELA intervention twice weekly after school for at-risk students and other identified subgroups.</li> <li>Provide a Summer Enrichment session for at-risk and struggling learners.</li> <li>Admit students meeting criteria into the Basic Skills program at the elementary level.</li> </ul>
<b>Goal 4: Revise ELA Curriculum</b>	To align the ELA curriculum with new standards as soon as they are released.	<ul style="list-style-type: none"> <li>Revise the ELA curriculum to reflect new standards once they are available.</li> <li>Collaborate with ELA Coaches K-3 and 4th-8th to identify areas for revision within the existing program.</li> <li>Budget funds for curriculum work over the summer of 2023 as needed.</li> </ul>
<b>Goal 5: Utilize Online Platforms</b>	To provide targeted online intervention and extended practice for students.	<ul style="list-style-type: none"> <li>Continue to use online platforms such as Freckle, Star Renaissance Learning, IX, and Reading Eggs to provide targeted online intervention and practice.</li> </ul>

# Intervention Plan: Mathematics

Goal	Rationale	Action Steps
<b>Goal 1: Improve Math Curriculum Alignment</b>	To ensure that the math curriculum aligns with student needs and standards.	<ul style="list-style-type: none"><li>• Analyze assessment results to identify gaps in student learning.</li><li>• Provide teachers with specific guidance on key concepts from the previous year and how to incorporate them into the current curriculum.</li><li>• Revise the math curriculum to reflect new Math standards when released.</li></ul>
<b>Goal 2: Provide Targeted Support for Students</b>	To address learning gaps and provide support to students at risk.	<ul style="list-style-type: none"><li>• Administer MAP and STAR assessments in September 2023 to identify gap areas and student readiness levels.</li><li>• Offer small group or individualized instruction to address learning gaps.</li><li>• Implement Math labs for special education students twice weekly.</li><li>• Offer after-school Math intervention twice per week for at-risk students.</li><li>• Provide a Summer Enrichment session for at-risk and struggling learners.</li></ul>
<b>Goal 3: Enhance Teacher Support and Professional Development</b>	To ensure that teachers have the tools and knowledge to address learning gaps effectively.	<ul style="list-style-type: none"><li>• Assign Math education consultants at the elementary (K-5) and middle school (6-8) levels.</li><li>• Collaborate with consultants to develop interventions and track student progress data.</li><li>• Conduct lunch and learn sessions on research-based best practices for addressing learning gaps.</li><li>• Facilitate departmental/grade-level team meetings to align lessons and assessments with standards.</li><li>• Continuously analyze and review student achievement data and instruction.</li></ul>
<b>Goal 4: Engage Parents in the Process</b>	To involve parents in supporting their children's learning at home.	<ul style="list-style-type: none"><li>• Host parent academies to encourage parental involvement.</li><li>• Provide strategies and resources to parents to assist their children with math at home.</li></ul>

# Intervention Plan: Science

Goal	Rationale	Action Steps
<b>Goal 1: Enhance Science Instruction in Grades 3-5</b>	To improve the effectiveness of NGSS incorporation in science instruction for elementary grades.	<ul style="list-style-type: none"> <li>• Provide professional development for teachers in grades 3-5 to deepen their understanding of NGSS and Science and Engineering Practices.</li> <li>• Focus on creating student-centered classrooms.</li> <li>• Emphasize the importance of elementary science as the foundation for Grade 5 assessment.</li> <li>• Teach teachers how to use phenomena as the starting point for lessons.</li> <li>• Train teachers in constructing explanations and arguments using CER (claims, evidence, reasoning).</li> <li>• Explore the value of student-generated models to represent ideas.</li> </ul>
<b>Goal 2: Strengthen Middle School Science Instruction</b>	To improve the alignment of middle school science instruction with NGSS.	<ul style="list-style-type: none"> <li>• Provide professional development for middle school teachers regarding the Science and Engineering Practices (SEPs) in grades 6-8.</li> <li>• Teach teachers to collectively examine the SEP bands for middle school and assign them to specific courses (Science 6, Science 7, Science 8).</li> <li>• Focus on analyzing assessments (tests, quizzes, labs, activities) to ensure NGSS alignment.</li> </ul>
<b>Goal 3: Utilize External Resources</b>	To leverage external expertise for professional development.	<ul style="list-style-type: none"> <li>• Partner with Rutgers University and PRISM Institute to provide professional development.</li> <li>• Assign a PRISM consultant for 4th-8th grade and a Rutgers consultant for K-3rd grade.</li> </ul>
<b>Goal 4: Infuse ELA and Mathematics Standards</b>	To integrate ELA and Mathematics standards with science instruction.	<ul style="list-style-type: none"> <li>• Encourage departmental/grade-level team meetings to develop rigorous benchmark assessments.</li> <li>• Promote the infusion of ELA and Mathematics standards into science instruction.</li> </ul>

# Intervention Plan: ELL Students K-8

Subject	Action Step 1	Action Step 2
Math	<ul style="list-style-type: none"><li>Identify and provide additional math resources (e.g., manipulatives, bilingual glossaries) for grades with lower "Met Expectations" results.</li></ul>	<ul style="list-style-type: none"><li>Implement math peer-tutoring programs, especially in grades 1, 2, 3, and 5 where expectations were not met.</li></ul>
ELA	<ul style="list-style-type: none"><li>Implement targeted reading intervention groups, prioritizing grades 1, 2, 3, and 8 where expectations were not met.</li></ul>	<ul style="list-style-type: none"><li>Provide professional development for teachers on integrating language development in ELA instruction.</li></ul>
Science	<ul style="list-style-type: none"><li>Organize hands-on science experiments and projects to foster engagement and understanding, prioritizing the grades with lower results.</li></ul>	<ul style="list-style-type: none"><li>Incorporate visual aids and multimedia resources into lessons to support ELL comprehension in grades with lower results.</li></ul>

# Intervention Plan: Economically Disadvantaged Students K-8

Subject	Action Step 1	Action Step 2
Math	<ul style="list-style-type: none"><li>Organize targeted math tutorials for Grade 3, 4, and 6, which showed a decline in the percentage of students meeting or exceeding level 4 from 2022 to 2023.</li></ul>	<ul style="list-style-type: none"><li>Introduce hands-on, real-world math problems to make the subject more engaging and relatable for students, especially in the grades that declined.</li></ul>
ELA	<ul style="list-style-type: none"><li>Prioritize reading comprehension interventions for Grade 3 and Grade 4, where a notable decrease in students meeting or exceeding expectations was observed from 2022 to 2023</li></ul>	<ul style="list-style-type: none"><li>Offer after-school literacy program through our After School Academic Intervention Program or reading clubs for Grade 3 to 8 to enhance their reading and writing skills.</li></ul>
Science	<ul style="list-style-type: none"><li>Distribute science kits with hands-on experiments and materials for students fostering their interest and understanding in science topics.</li></ul>	<ul style="list-style-type: none"><li>Collaborate with local science centers or organizations for field trips or guest speakers to enhance real-world connections to the curriculum.</li></ul>
